Re: 2022 General Election Voter Education Campaign Report

Thank you for providing KO Public Affairs LLC with the opportunity to develop and manage a statewide voter education marketing and public relations campaign for the 2022 General Election. Under the approved scope of work for RFP D38B1600018, KO was charged with developing a statewide campaign, including TV, radio, and digital advertising to inform Maryland voters about how to participate in both the primary and general election.

As with the primary, the general election campaign included broad stakeholder engagement and earned media to reach Maryland's diverse communities and respond to any unforeseen issues that developed during the campaign.

To achieve the objectives outlined in the RFP released by the Maryland State Board of Elections, KO subcontracted with the following Maryland-based firms:

- **Mission Media** – a full-service advertising and marketing firm to assist with creative design, campaign production and media buying.
- **Sandy Hillman Communications** – a public relations firm and woman-owned minority business enterprise to assist with earned media and stakeholder engagement throughout the state.
- **GreiBO** – a public relations and marketing firm based in Baltimore to assist with stakeholder outreach to the African American community statewide, including webinars, key influencer messaging and social media.
- **Cool & Associates** – a full-service management consulting firm that brings Hispanic strategy, workforce development, education, marketing and outreach to the forefront of any organization. Veronica Cool and her team assisted with broad stakeholder outreach to the Latino community, Spanish-speaking earned media, and translation of campaign materials.

- **Campfire Communications** – a full-service communications firm led by Henry Fawell working with Hillman Communications on earned media, stakeholder outreach and rapid response during the campaign.

Collectively, these firms were instrumental in helping the State Board of Elections communicate throughout the state. We are grateful for their support, their partnership and their expertise.

Campaign Overview

The general campaign utilized similar messaging and creative as the primary election campaign that garnered close to 17 million online impressions. The general election campaign included updated animation, iconography and creative assets across traditional paid media channels – TV, radio, and print – and digital platforms and social media. The campaign resulted in more than 15 million digital impressions, not including traditional media. In addition to providing information to Marylanders about the election, the campaign needed to inform voters about the redistricting process, how to vote by mail or in-person, how to request a ballot and vote by mail, early voting and Election Day polling locations.

The campaign was segmented into three phases to deliver three general messages about the election timeline and the voting process.

Phase 1: Register to Vote

The Register to Vote phase ran from **September 26 through October 9** (a total of 14 days) urging Marylanders to register to vote. Secondary messaging reminded users to update their voter information and informed them of the ways to vote and key voting deadlines. These ads were served to unregistered Marylanders who were eligible to vote.

Phase 2: Ways to Vote

The Ways to Vote phase also ran from **September 26 through October 9** (a total of 14 days) highlighting the three ways to vote (early, by mail or Dropbox, or in-person on Election Day). Secondary messaging reminded users to update their voter information and informed them of key voting deadlines. These ads were served to those Marylanders who were already registered to vote.

Phase 3: Voting Deadline

The Voting Deadline phase of the digital campaign ran from **October 10 through November 8 at 8 p.m.** (a total of 30 days) and urged Marylanders to vote by 8 p.m. on Election Day. Secondary messaging reminded Marylanders about the ways to vote (in-person or by mail) and reminded eligible voters to update their voter information, how to find a polling location, and same day registration. For

all phases of the campaign, messaging points associated with deadlines were removed from the campaign once the deadline passed.

Earned media, stakeholder outreach and grassroots events were used to complement the paid media campaign, reinforcing and extending the reach of election-related information. Between September 23 and October 31, the media relations team developed and proactively distributed nine news releases in English and Spanish, responded to daily inquiries from journalists and stakeholders, and secured interviews with English and Spanish language media outlets to reach voters throughout the state.

Paid Media

The paid media campaign for the 2022 Gubernatorial General Election ran from September 26 through Election Day and included messages to educate voters on how to register, the three ways to vote (early, by mail or Dropbox, or on Election Day), and the voting deadline.

Creative assets for the campaign were designed to inform voters about the three ways to vote and the important deadlines during the election process. The campaign directed voters to the State Board of Elections' MD Votes 2022 webpage for more information. The webpage www.elections.maryland.gov/2022 ("Voter Resources landing page") - was intended to serve as a central communications hub for the campaign and included iconography consistent with the paid media campaign.

Budget Breakdown and Overall Allocation

Medium	% Allocation
TV	13.59%
Radio	18.93%
Print	10.72%
Digital	56.75%
Total	100%

Traditional Media Overview (TV, Radio & Print)

TV, radio, and print media channels were used to broaden the reach of the campaign statewide and create holistic awareness for the campaign across mediums. The budget for the traditional campaign was distributed across channels and geography to ensure the messaging had a wide

reach across the state of Maryland. Key outlets were selected in each of Maryland's core markets based on their reach/coverage across the state.

The traditional media messaging focused on highlighting the three ways to vote and the deadlines associated with each. For both radio and TV, two spots were produced – the first highlighted the three ways with the early voting deadline. The second focused on voting by mail, Dropbox and on Election Day by 8 p.m.

TV Allocation

Television ads ran November 1 through November 8, 2022. Mission Media produced two television spots that ran leading up to Election Day.

The first ran November 1 through November 3 and shared the three ways to vote: by mail or Dropbox, early, or on Election Day. The second ad ran November 4 through November 8 and focused on voting by mail, Dropbox or on Election Day.

Paid Digital Overview

The digital campaign ran from September 26 to November 8 at 8 p.m. to support the Maryland State Board of Election's voter education and awareness efforts for the 2022 Gubernatorial General Election. The campaign utilized a multi-channel approach and employing phased messaging to reach adults across the state of Maryland.

Targeting was segmented based on regional populations to ensure all Marylanders were targeted equally. The digital campaign provided the most flexibility for the campaign's segmented approach and three phases:

- **Phase 1: Register to Vote:** Ads were served to adults 18+, excluding the list of registered voters provided by the State Board of Elections.
- **Phase 2: Ways to Vote:** Ads were served to the provided list of registered voters.
- **Phase 2: Voting Deadline:** Ads were served to all adults 18+.

For all phases of the campaign, messaging points associated with deadlines were removed from the campaign once the deadline passed.

Paid Digital Media Performance Highlights

- Throughout the campaign, the digital ads garnered 15,186,364 impressions, 269,661 clicks, and 3,718,930 video plays.
- The campaign drove a total of 183,239 users to the Voter Resources landing page. Users averaged a significant two minutes exploring landing page content.
- Traffic to the site increased as the election approached. The general election campaign drove 4.78% more traffic to the site than primary campaign with less budget. Google Search drove clicks to the site at the lowest cost (\$0.15).
- Facebook & Instagram proved the most successful means of driving awareness through reach and impressions, while Google Search proved the most successful means of driving engaged traffic to the website.

Channel Performance Highlights

- Google Search text ads were served to users searching voting queries across Google's search engine. Google Search saw the highest on-platform engagement driving the most clicks to the website (193,872), at the highest rate (32.67%) and lowest cost (\$0.15). Search volume increased, and users proved more likely to click through ads as the election drew closer.
- Google Search ads maintained a significant over 25% of impression share and appeared at the top of search results pages 70% of the time.
- The top click-driving search keywords were 'where to vote,' 'early voting,' 'voting,' 'vote,' and 'Maryland election.'
- Google Display static ads were served to users browsing high-traffic websites across the internet. Similar to Search, Google Display ads drove clicks to the site at an above-channel average click-through rate (1.89%) and a low cost (\$0.48).
- On YouTube, 15-second and 30-second skippable video ads were served to users browsing platform content. Ads garnered a combined 511,953 views. Users proved more likely to engage with 15-second ads.
- On Facebook & Instagram, static and video ads were served to users browsing their social feeds. Social ads reached a total of 1,671,428 users, driving the most impressions (9,900,661) at the lowest CPM (\$3.41). Additionally, social ads drove the majority of video views (3,206,977).
- Social ads garnered 1,006 reactions, 270 post shares, and 83 post saves. Both static and video ads were served to fill the maximum number of ad placements. Static ads outperformed video ads. Across placements, ads saw higher engagement on Instagram over Facebook.

Website Performance Highlights

- Digital campaigns drove 183,239 users to the Voter Resources landing page, resulting in 325,995 pageviews across the site. Traffic increased significantly as the election approached.
- Over 85% of campaign users were classified as new, meaning ads successfully reached users who had not accessed the state's voter resources in the past 30 days.
- Google Search drove most of the campaign traffic (70.85%) and proved the most cost-effective means of driving highly engaged users to the site.
- Throughout their run, campaigns drove 36.88% of views to the Voter Resources landing page, averaging a significant two minutes exploring its content. Aside from the landing page, users most often viewed Early Voting, Voting, Homepage, Candidacy, and Voter Registration pages.
- Of the regions, Central Maryland saw the highest on-site engagement metrics and Western Marylanders saw the lowest on-site engagement metrics.

Public Relations and Stakeholder Outreach

To supplement the paid media campaign, KO once again collaborated with Sandy Hillman Communications, Veronica Cool & Associates, GreiBO, and Campfire Communications to implement an extensive media relations and stakeholder engagement campaign to provide Maryland voters with critical information about the 2022 Election – and respond in real time to misinformation and current events. Utilizing a multifaceted approach targeting a wide range of segmented audiences, the team regularly communicated with media and stakeholder groups throughout the state.

The media relations and stakeholder communications effort played a critical role educating Marylanders about the redistricting process and the canvassing delay for the vote by mail ballots.

The comprehensive stakeholder outreach initiative and earned media campaigns were designed to complement the paid campaign to reach and engage stakeholders representing Maryland's African American, Latino, AAPI, Disability and LGBTQ+ communities, in addition to Maryland's nonprofit, business, religious and faith-based organizations, and veterans, seniors, homeless, justice-involved and other distinct audiences.

The media relations team developed and proactively distributed nine news releases in English and Spanish between September 23 and October 31. The announcements reached media outlets, reporters, producers and stakeholder groups in every region of the state. The media relations team also coordinated written responses and/or interviews to respond to hundreds of individual media inquiries throughout the course of the election process. This effort was an essential component in keeping Marylanders informed with accurate, up-to-date information and to counter unfounded rumors circulating among some members of the public.

The team developed a database of more than 450 media outlets, reporters and producers, and more than 3,300 stakeholders representing organizations statewide. The media relations

campaign generated more than 1,100 media placements, ensuring critical election-related information was consistently delivered to voters and stakeholder groups throughout Maryland.

Targeted Stakeholder Outreach

GreiBO produced a series of online influencer videos/messages and hosted several events to reach Black and LGBTQ+ voters across the state. Significantly, GreiBO supported a communications initiative by the non-profit, Out for Justice, to reach returning citizens and those eligible voters within the justice system. This effort included the NAACP, Black Girls Vote, iHeart Radio and Radio One and complimented the State Board of Election's efforts with the State Department of Public Safety and Correctional Services and local correctional facilities to reach eligible individuals in State and local correctional facilities.

Working with Cool & Associates, the campaign team managed a six-week Hispanic outreach campaign to inform eligible members of the Hispanic community about the general election. Conservatively, the campaign yielded 4,528,836 impressions across the State of Maryland through an extensive outreach campaign to various stakeholders via traditional media, special events, influencer amplification and community outreach, coupled with nontraditional grassroot efforts including WhatsApp and social media engagement.

The outreach included interviews and presentations on various Hispanic media platforms, paid and earned, across the State of Maryland and the Greater Washington Metropolitan area (predominantly Montgomery and Prince George's Counties).

The outreach included:

Media Outreach – Translating State Board of Elections press releases and media advisories to an estimated **158 media partners**, often within the same day as the efforts to the English-speaking partners. Procuring and facilitating interviews with Dr. Gilberto Zelaya, Public Information Officer for the Montgomery County Board of Elections and the designated Spanish-speaking spokesperson, to increase impact and voter awareness.

Stakeholder Outreach & Events – Engaging and informing **668 stakeholders** and community organizations that actively serve thousands of Latinos and Spanish-speakers throughout the State of Maryland using traditional methods such as email, as well as through material distribution at events. Over the course of six weeks, Cool participated in **multiple in person and virtual events**, including the Maryland Latinos Unidos Monthly Meeting, Latinas USA conference, and City of Annapolis Day of the Dead Festival. Additionally, our street team distributed materials in over a dozen small grassroot events across the Central Maryland region.

Influencers & Digital Community Outreach – Amplifying reach and impact of outreach efforts by using nontraditional grassroots methods, including partnering with influencers and activating digital community outreach across prevalent social platforms, and engaging with stakeholders via WhatsApp, and Facebook Groups & Messenger.

To ensure we connected with the greatest number of individuals, Cool leveraged several micro-influencers to produce and promote content, including videos and social media posts. These micro influencers include Pedro Palomino, Jenny “The Voice” Hernández, Milagros Meléndez, Chele González and Cesar Garcia, Dra Claudia Campos, and Walkiria Pool.

Content Development, Creative Design Support – Developing content to effectively engage Spanish-speakers across various platforms, creating video assets focusing on how to register to vote and how to vote. These video assets were leveraged by influencers and media partners to support outreach efforts and more deeply engage the Maryland Latino community in the electoral process.

Translations & Transcreations – Translating over 20 creative assets, including print ads, icons, digital ads, SBE video in Spanish, radio scripts, and media interview talking points.

¿Cómo es el proceso de VOTACIÓN en Maryland?

El 8 de noviembre, se realizarán las elecciones generales en todo el país. En Maryland, se votará para elegir un nuevo gobernador, un senador, y ocho congresistas de la Cámara de Representantes. Si es elegible y quiere votar, ¡prepárese! Si bien es un proceso con varios pasos, no es complicado: solo necesita considerar algunas fechas límites y tener información precisa. Hoy, en colaboración con la Junta Electoral de Maryland respondemos a las preguntas más frecuentes que suelen tener los electores a la hora de votar, con algunos consejos para que pueda ejercer su derecho de forma rápida y fácil.

¿Dónde tengo que ir a votar?

La lista completa de los centros de votación habilitados en el estado durante el Día de las Elecciones está publicada casi al final de la página de Inicio de las Elecciones 2022, bajo «Polling Place and Precinct Reports». Si no está registrado para votar, podrá registrarse en el momento.

Le recomendamos identificar su centro de votación en la página Búsqueda de Electores. Y recuerde: el Día de las Elecciones, martes, 8 de noviembre, los centros de votación estarán abiertos de 7 a.m. a 8 p.m. Le aconsejamos que después de buscar su centro de votación, compruebe la ubicación en un mapa. Tenga en cuenta el tiempo de viaje hasta el lugar para poder llegar a tiempo antes del cierre a las 8 p.m. Si tiene que pedir el día en el trabajo, podrá pedirle al Juez Electoral un Certificado de Participación.

¿Qué tengo que llevar?

Si ya votó en Maryland en otras elecciones, no tendrá que mostrar una identificación. Si está votando por primera vez en Maryland, es posible que deba mostrar uno de los siguientes documentos para votar:

- Licencia de conducir de Maryland
- Documento de identificación emitido por el estado
- Tarjeta de identificación militar
- Tarjeta de identificación de MVA

- Carnet de estudiante
- ID de empleado
- Recibo de algún servicio, estado de cuenta bancario, cheque del gobierno, nómina de pago, o documento gubernamental que muestre su nombre y la dirección con la que se inscribió.

También se puede registrar para votar el mismo día de las elecciones. Simplemente traiga una prueba de identidad y domicilio en el momento, y podrá votar con una boleta provisional.

¿Cómo se vota en persona? ¿Qué tengo que hacer cuando llego al centro de votación?

El 8 de noviembre, cuando llegue a su centro de votación asignado, un juez electoral le dará una papeleta y un bolígrafo. Marque su papeleta de votación llenando los círculos junto al nombre de los candidatos que elija. Después coloque su papeleta ya marcada en el escáner que contará su voto para los candidatos que seleccionó y automáticamente depositará su papeleta en una urna de seguridad.

El Día de la Elección puede ir acompañado con uno o dos niños menores de 18 años. De acuerdo a la ley, los niños pueden estar con el elector siempre que no interfieran en los procedimientos normales de la elección. No podrá utilizar su teléfono móvil, cámara o dispositivo electrónico dentro del centro de votación.

¿Y si quiero votar por correo?

Cualquier elector elegible que quiera votar por correo puede hacerlo. No tiene que justificar por qué desea votar por correo, simplemente es otra manera de votar si no puede o no quiere ir a un centro de votación.

Puede solicitar su papeleta de voto por correo mediante el link de solicitud de voto por correo o en el portal de solicitud de boletas por correo en línea si tiene

una licencia de conducir de Maryland o una tarjeta de identificación emitida por la MVA.

La fecha límite para solicitar una papeleta de voto por correo que será enviada por el Servicio Postal es el 1 de noviembre, mientras que la fecha límite para solicitar el enlace a una papeleta de voto por correo es el 4 de noviembre.

¿Cómo voto por correo?

Cuando llegue la papeleta electoral a su hogar, léala cuidadosamente y siga las instrucciones para completarla. Si la papeleta le llega por correo electrónico, primero tendrá que imprimirla.

Si bien se puede solicitar la papeleta desde la página web o por correo electrónico, cuando la entregue una vez completa tendrá que hacerlo en formato físico, ya sea enviándola por correo postal, depositándola en un buzón electoral o llevándola en persona a su junta electoral local. NO es posible enviar la papeleta completa por correo electrónico, por Internet o por fax.

Esperamos que, con esta información, todos estén listos para votar este 8 de noviembre. ¡Su voto es importante para la comunidad! ¡Participe!

Paso a paso para votar el día de las elecciones

Ya casi es el día de las elecciones en Maryland, y es importante que los miembros de la comunidad latina que quieran votar se informen sobre el proceso electoral.

Por eso, en colaboración con la Junta Electoral de Maryland, les traemos instrucciones, paso a paso para que puedan votar fácilmente el próximo 8 de noviembre.

Paso 1: Regístrate

Si no se ha registrado a votar, ¡todavía puede hacerlo! Tiene la opción de registrarse el mismo día de la elección (8 de noviembre).

Solo debe presentarse en su centro de votación designado en su condado de residencia con un documento de identificación y prueba de residencia. Podrá completar su registro y votar en el momento.

Paso 2: Busque su centro de votación designado

Es muy importante comprobar dónde vota, ya que varios centros de votación cambiaron con respecto a otros años. Le aconsejamos que lo haga... ¡ahora mismo! Puede encontrar la lista completa de los centros de votación habilitados en el estado durante el Día de las Elecciones casi al final de la página de Inicio de las Elecciones 2022.

Una vez que sepa dónde vota, compruebe cuánto tiempo le llevará llegar al lugar.

El Día de las Elecciones, martes 8 de noviembre, los centros de votación estarán abiertos de 7 a.m. a 8 p.m.

Si tiene que llevar a los niños con usted, recuerde que puede acceder al centro con hasta dos menores de 18 años.

Paso 3: Llegó el día, ¡a votar!

El martes 8 de noviembre solo tiene que ir a su centro de votación designado para participar. En el Día de las Elecciones, los centros de votación estarán abiertos de 7 a.m. a 8 p.m.

El proceso de votación es sencillo: cuando llegue al centro de votación, recibirá una papeleta de votación preimpresa. Solo deberá marcar las casillas ovaladas junto a los candidatos que elija con el bolígrafo que le entregarán. También podrá completar la papeleta de forma electrónica. Una vez completa, revise que esté todo correcto e introduzca la papeleta en el escáner para votar. Su voto será contado y la papeleta será depositada automáticamente en un buzón seguro. ¡Y eso es todo!

Si necesita un certificado para presentar en su trabajo, recuerde solicitarlo al juez electoral. Además, si necesita ayuda extra, en los centros de votación, podrá encontrar instrucciones sobre cómo votar. Y también puede solicitar ayuda al juez electoral si hiciera falta.

Pero... ¿y si voy a votar por correo?

Para votar por correo postal el 8 de noviembre, usted ya debe tener una papeleta de voto por correo, solicitada previamente por correo postal, por internet o en persona en la junta electoral local. Cuando tenga la papeleta en sus manos, solo siga las instrucciones para completarla. Le damos algunos consejos: use un bolígrafo de tinta negra y recuerde firmar el sobre de devolución, pero no firme la papeleta. Una vez completa, podrá devolverla por correo postal en forma gratuita o en persona en

su oficina electoral local. Si envía la papeleta por correo postal, el sobre debe tener un matasellos con fecha de hasta el 8 de noviembre, y debe llegar a la oficina electoral local antes del 18 de noviembre.

Si no está seguro de que su boleta electoral vaya a llegar a tiempo al enviarla por el correo postal de Estados Unidos, le recomendamos que la lleve a cualquier centro de votación entre las 7:00 a.m. y las 8:00 p.m. durante el Día de las Elecciones. También puede depositarla en cualquiera de los 281 buzones electorales distribuidos en todo el estado hasta las 8 p.m. del 8 de noviembre de 2022.

Si estamos preparados y tenemos toda la información, votar es muy sencillo. Recuerde que el voto es el instrumento que tenemos para participar y decidir sobre temas importantes que afectan directamente a nuestra querida comunidad, de modo que ¡a votar, Maryland!

ATENTAS. Angélica Romero (Izq.) y Norma Jiménez llegaron desde Arizona para participar en la cumbre Poderosas Legislative realizada entre el 21 y 22 de octubre en un hotel de DC.

La organización Poder Latinx realizó su primera cumbre en Washington, DC, Poderosas Legislative Summit

ESPECIAL PARA EL TIEMPO LATINO

“Su voto es único. No lo desperdicien”, con esta recomendación la presidenta de la organización Poder Latinx, Yadira Sánchez, cerró el viernes 21 de octubre el primer día de La Cumbre Legislativa Poderosas, un encuentro que convocó en Washington, DC a decenas de jóvenes hispanas de diferentes estados del país.

Angélica Romero y Norma Jiménez llegaron desde Phoenix Arizona para participar del encuentro “Poderosas Legislative Summit”.

Ambas trabajan con miembros de la comunidad. “Eventos como estos nos equipan para impulsar a las demás jóvenes a que ejerzan su voto”, dijo Jiménez, quien ha trabajado con la organización Planned Parenthood, una entidad de planificación familiar que asiste a jóvenes que optan por el aborto.

El aborto se ha convertido en un tema importante en estas elecciones de medio término, luego de que la Corte Suprema anulara en junio el derecho federal. Votó contra la decisión Roe vs Wade, de 1973 que legalizaba la facultad de abortar. El tema pasó a manos de los estados. Algunos de ellos ya han regulado el aborto como ilegal.

The goal of this campaign was to reach as many people as possible with information about voting. In order to do this, we partnered with a number of organizations and radio stations to push out information about voting and the right to vote many have but do not know about.

Iheart Radio

With the help of iheart Radio, we were able to deliver information about the ways to vote to drivers throughout the state

Out for Justice

With the help of Out for Justice, we were able to produce a video that enlightened individuals about their right to vote while in prison

Radio One

Much like with the help of iheart Radio, we were able to deliver information about the ways to vote to drivers throughout the state with our partnership with Radio One

NAACP

The NAACP came in as a monetary sponsor in a effort for them to help educate the community on voting and gain access to their expansive reach of individuals and organizations

Black Girls Vote

Black Girls Vote also participated in this effort in a very similar way to the NAACP. Black Girls Vote is an organization with a massive presence within Maryland that delivers information about voting and the right for individuals to let their voices be heard

Beyond influencers, greiBO, similar to previous voting activations, leveraged partnerships to expand our outreach by partnering with the restaurants and businesses below to help spread the messaging. This was managed through flyers in each establishments and the owners becoming influencers with regular postings on their social media platforms
